Hexagonal Thinking Written Response

Directions: Choose three points of connection from your Hexagonal Thinking grid to explain in writing, using evidence from the unit to support your ideas. If a hexagon has multiple connections, you only need to choose one for each response.

Connection Point #1

I am connecting _____ and _____.

How do these two ideas connect? Use evidence from the unit to support your argument.

Connection Point #2

I am connecting _____ and _____.

How do these two ideas connect? Use evidence from the unit to support your argument.

Connection Point #3

I am connecting _____ and _____.

How do these two ideas connect? Use evidence from the unit to support your argument.
